Note

The above expenditures are for five  
 courses of lectures including the course  
 to the present senior class. Nearly one  
 half of the whole sum has been employed  
 in improving and increasing the apparatus.

The sum of 280 dollars was sent last  
 winter to the Rev. <sup>Mr</sup> Baird in Paris for the purchase  
 of additional articles of apparatus which will  
 probably arrive during the present season

Paris
